Definitions

For the purposes of this document the following applies:

**The Act** refers to the *Higher Education Support Act 2003*

**Student/s** refers to all persons enrolled in a unit of study who are, or would be entitled to VET-FEE-HELP assistance under clause 43 of Schedule 1A of the Act; and

**Potential Students** refers to all persons seeking to enroll in a VET unit of study that meets the course requirements under sub-clause 45(1) of Schedule 1A of the Act and who are, or would be, entitled to VET-FEE-HELP assistance under clause 43 of Schedule 1A of the Act.

**Fair Treatment** The College will treat fairly all Students and potential Students.

**Student Selection** The College has open, fair and transparent procedures, based on merit for making decisions about:

- a) the selection, from among Potential Students; and
- b) the treatment of Students.

**The College** is the Heath Arts College Pty Ltd

**Fair Treatment**

The College treats fairly all of its students. This applies to those who are, or who would be, entitled to VET-FEE-HELP assistance and all of the persons seeking to enroll in a VET subject of study that meets the College’ course requirements and who are, or would be entitled to VET-FEE-HELP assistance under clause 43 of schedule 1A of the act. Specifically the fairness requirements include:

- fair treatment
- equal benefits and opportunities
- student grievance procedures
- student review procedures
- requirements to appoint review officers
- personal information procedures
- tuition assurance
The application of fair treatment does not require that all students are treated the same. Fairness must be considered in the context of all the relevant circumstances. There will be situations in which the fair treatment of students may result in students in varying circumstances being treated differently.

The College publishes these fairness procedures and makes them publicly available on its website [www.thacollege.edu.au](http://www.thacollege.edu.au) and Student Handbook.

**Equal Benefits and Opportunities**

The College has open, fair and transparent procedures that, in its reasonable view, are based on merit for making decisions about students undertaking, and persons applying for, VET courses. This includes:

- The selection, from among the persons who are, or would be, entitled to VET-FEE-HELP assistance under clause 43 of schedule 1A of the Act and who seek to enroll with the College in a VET subject of study that meets the requirements under sub clause 45(1) of schedule 1A of the Act of persons to enroll; and
- The treatment of students who are, or who would be, entitled to VET- FEE-HELP assistance under clause 43 of schedule 1A of the Act undertaking a VET course of study.

Refer below to ‘Selection Procedures’

**Application of Merit**

The application of merit in decision-making processes involves the College considering each application on a case by case basis and not applying inflexible polices that preclude eligible applicants from having their application considered.

**No income test**

The College does not apply an income test when making decisions about which students are eligible for enrolment or for VET-FEE-HELP assistance. The College also protects student fees paid in advance and is a financial member of the Australian Council for Private Education and Training (ACPET) and is a member of the ACPET Australian Student Tuition Assurance Scheme (ACPET ASTAS) to meet VET tuition assurance requirements.

**Educational disadvantage**

When making decisions about the selection of students, The College takes educational disadvantages that a particular student has experienced into account, including consideration of the actual disadvantages that a particular student has experienced. The College does not use ‘proxy indicators’ of educational disadvantage in the absence of clear evidence that all students in such a group necessarily suffered educational disadvantage. Such proxy indicators are not used because they assume that all people who satisfy the proxy condition (e.g. being from a low income group or being from a rural area) have necessarily experienced educational disadvantage. The College considers a particular student’s specific circumstances before making a decision about whether the student has actually suffered educational disadvantage.

**Restricted access arrangement**

When making decisions about the selection of students, the College takes into account students that are enrolled under a restricted access arrangement, as appropriate. (This is an agreement entered into between the College and an employer or industry body for the provision of a course(s) or places in a course(s) in which enrolment is limited or restricted to employees of the employer or industry body.)
